# ADVANCING NOVADOR

# **Forward Looking Statements**

#### **Forward Looking Information**

This presentation may include certain "forward-looking statements" within the meaning of applicable Canadian securities legislation. All statements, other than statements of historical fact, included herein, including, without limitation, statements regarding future plans and objectives of Probe Gold Inc. ("the Company"), future opportunities and anticipated goals, the company's portfolio, treasury, management team, timetable to permitting and production and the prospective mineralization of the properties, are forward-looking statements that involve various risks, assumptions, estimates and uncertainties. Generally, forward-looking information can be identified by the use of forward-looking terminology such as "seeks", "believes", "functionals", "projects", "proj

#### National Instrument 43-101

The technical and scientific information contained herein relating to the Novador (Former Val-d'Or East) Project is derived from National Instrument 43-101 ("NI 43-101") compliant technical reports ("Reports"). The Reports are available on SEDAR at www.SEDAR.com under the Company's issuer profile and on Probe Gold website at www.probegold.com. The 2024 Updated Mineral Resource Estimates were independently prepared by InnovExplo Inc. and BBA Engineering consultants and dated August 30, 2024. A Preliminary Economic Assessment report has been prepared by Ausenco Engineering Canada Inc ULC in accordance with National Instrument 43-101 – Standards of Disclosure for Mineral Projects and is dated February 12, 2024. Ausenco was appointed as lead consultant in August 2023 to prepare the updated PEA in accordance with NI 43-101 and was assisted by Moose Mountain Technical Services for the mine design. The independent PEA was prepared through the collaboration of the following firms: Ausenco Engineering Canada ULC (Ausenco), Moose Mountain Technical Services (MMTS), InnovExplo, Knight Piésold Ltd. (KP), Richelieu Hydrogéologie Inc., Lamont Inc. and Rock Engineering Consulting Services. These firms provided mineral resource estimates, design parameters and cost estimates for mine operations, process facilities, major equipment selection, rock and tailings storage, reclamation, permitting, as well as operating and capital expenditures. This Presentation uses the terms "indicated resources" and "inferred resources". Although these terms are recognized and required by Canadian regulations (under NI 43-101), the United States Securities and Exchange Commission does not recognize them. Mineral resources which are not mineral reserves do not have demonstrated economic viability. The estimate of mineral resources may be materially affected by environmental, permitting, legal, title, taxation, socio-political, marketing, or other relevant issues. There is no guarantee that all or any part of the mineral resource will ever be upgra

## NOVADOR MINING PROJECT SATELLITE DEPOSITS

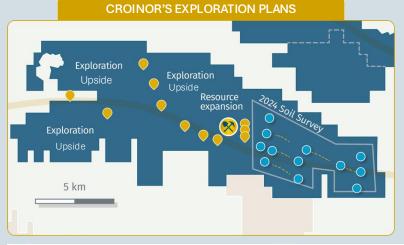

#### Significant Upside Potential to Increase Grade and LOM

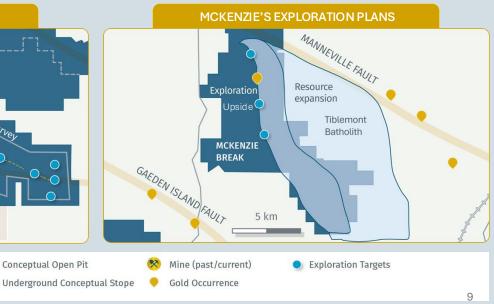

# Resource expansion Lypside 2.5 km

Gold Trends

Open Pits

Drill Holes used in the MRE

# NOVADOR PROJECT PATH TO PRODUCTION

Timeline is our #1 priority, we are aggressively advancing permitting and feasibility schedules

2025-2026

- 2024
- Updated PEA
- Updated resource estimate
- Permitting- start phase II
- Baseline studies

- Advance permitting
- Pre-feasibility study
- Infill drilling
- Condemnation drilling

- Geochemical and geotechnical studies
- Resource expansion at Novador and new deposits
- Exploration/ discovery drilling

2027-2028

- Feasibility study
- Public hearings
- Permitting and final environmental approval
- Start of construction

2029-2030

#### **PRODUCTION**

## **2025 ANNUAL MILESTONES**

Advance project toward

pre-feasibility with a

50,000-meter infill and

condemnation drill program.

Complete 2025 development activities to support Pre-Feasibility and Feasibility Studies, building on 2024 PEA economics.

Continue aggressively
advancing permitting to meet
project timelines and regulatory
requirements.

Highlight Novador's upside potential with Val-d'Or East satellite properties, focusing on resource growth, higher grades and new discoveries.

Build Shareholder Value by increasing news flow, enhancing trading liquidity, and raising our profile in the market.

## LEADERSHIP **TEAM**

#### Strong Track Record of Proven Leadership and Building Value for Shareholders

President, CEO and

Director

- Former President and **CEO of Probe Mines** (2003 to 2015)
- 2015: PDAC Bill Dennis Award for a Canadian Mineral Discovery
- 2015: Northern Miner Mining Person of the Year
- 2014: Prospector of the Year, Ontario

CFO & Vice President, Corporate Development

- Former Vice President of Probe Mines (2012 to 2015)
- Has over 20 years of experience in Corporate Development, Venture Capital and Investment Banking

 Former COO of Probe Mines (2014-2015)

- Held senior positions with BBA Inc., Rio Tinto PLC and Hatch Ltd. and responsible for leading many large greenfield and brownfield projects, from studies to execution
- Has over 25 years of experience in Operations, Project Evaluation and Mine Development

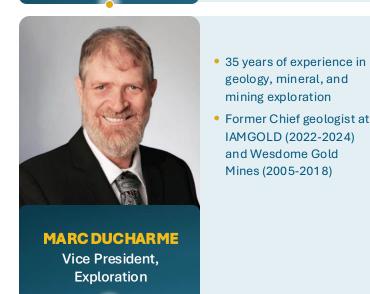

**Executive Vice President** 

- Former President and CEO of Adventure Gold (2007 to 2016)
- Has over 25 years of experience in Project Acquisition, Exploration and Mine Development

**SEEMA SINDWANI** Vice President, **Investor Relations** 

- 20 years of capital markets and investor relations experience
- Held a fund manager position with a European asset management company and senior positions at several Canadian investment banks

 Former Chief geologist at IAMGOLD (2022-2024) and Wesdome Gold Mines (2005-2018)

geology, mineral, and

mining exploration

## BOARD OF **DIRECTORS**

- Currently, Director of Agnico Eagle Mines and Royal Gold
- Former President and CFO of Barrick Gold Corporation (2012-2014)
- Former CFO of Barrick Gold Corporation (1999 to 2012)

- Currently, President and CEO of IAMGOLD
- Former President and CEO of New Gold Inc.
- Former President and CFO of Richmont Mines

**Independent Director** 

- Director, GoldFields
- Director, Atacama Copper
- Former Director of Exploration and Growth, Barrick Gold

- Director, Pension and Capital Management, P.E.I
- Former Director, Global Equities, for a large U.K. based Asset Manager
- Former CIO, Oberon Capital Corporation
- Former Director, Troilus Gold

**ALEKSANDRA BUKACHEVA Independent Director** 

- Director, US GoldMining
- Former Director, Montage Gold
- Former Director, Battle North Gold
- Former EVP Corp. Development Element 29 Resources
- Former Analyst, BMO Capital Markets

- Former Director of Probe Mines (2001-2015)
- Founder of Peterson McVicar LLP
- Has 25 years of experience as a corporate securities lawyer
